Atharva A. Deshmukh

B.Sc. Computer Science Student • Cybersecurity & Web Development

Mumbai, Maharashtra, India • atharvadeshmukh1004@gmail.com • Portfolio: atharva-deshmukhportfolio.netlify.app • GitHub: github.com/rydencrexo-stack

PROFILE

B.Sc. Computer Science student focused on Cybersecurity, Ethical Hacking, Web Development, React, and practical security tooling. Interested in building useful digital solutions, learning through hands-on projects, and applying technical skills to real-world problems.

EXPERIENCE & ACHIEVEMENTS

Quick Heal Foundation — Current Intern

Currently completing an internship with Quick Heal Foundation, gaining practical exposure to cybersecurity awareness, digital safety, and security-focused activities.

3rd Place — Internal SIH Hackathon, College

DHRISHTI — AI-Based Intelligent Video Analytics Platform for Border Surveillance. Worked as part of the team that secured 3rd place in the college's Internal Smart India Hackathon (SIH). The project focused on intelligent video analytics for border surveillance using existing CCTV infrastructure. Project uploaded on GitHub.

SPECIALIZATION

Cybersecurity & Ethical Hacking • React Development • E-commerce Website Development from Scratch • Web Development

TECHNICAL SKILLS

Web & Programming	HTML, CSS, JavaScript, React, Angular, Java, Express.js
E-commerce & Full Stack	E-commerce website development, MERN, PERN, MongoDB
Cybersecurity	Ethical Hacking, Phishing Awareness, Penetration Testing, Linux
Tools & Scripting	Python, Wireshark, Power BI, Microsoft Word, Excel, PowerPoint

PROJECTS

DHRISHTI

AI-based intelligent video analytics platform for border surveillance using existing CCTV infrastructure; 3rd-place Internal SIH Hackathon project.

AI Scam Detector

AI-powered application concept focused on detecting phishing attempts and online scams. Focus: Python, AI, Cybersecurity.

Cybersecurity Home Lab

Personal lab using Kali Linux and vulnerable machines to practice penetration testing, ethical hacking, Linux, networking, and vulnerability assessment.

Network Traffic Analyzer

Used Wireshark to capture and analyze network packets, understand protocols, and improve packet-analysis and troubleshooting skills.

Personal Portfolio Website

Responsive portfolio built with HTML, CSS, and JavaScript to showcase skills, projects, certifications, achievements, education, and contact information.

E-commerce Website Development

Building an e-commerce website from scratch to strengthen practical skills in modern web development and online-store functionality.

EDUCATION

B.Sc. Computer Science — In Progress

Higher Secondary Education — Science (PCM) — Completed

Secondary School (10th Grade) — Completed

CERTIFICATIONS & LEARNING

- Ethical Hacking From Scratch — Completed
- Android App Development — Completed
- CompTIA Security+ Certification Course — Completed
- eJPT Certification — Pursuing
- Full Stack Web Development — Pursuing
- Hackathons & Coding Competitions — Participated

SOFT SKILLS

Communication • Problem-Solving • Critical Thinking • Attention to Detail • Time Management • Teamwork & Collaboration • Adaptability • Quick Learning
